Cover stock	80 lb cover, full color, under a clear plastic front cover
Back cover	Plain cover stock (not printed)
Interior	Choose our dated, academic or undated interior, or upload your own pages

Set up your file

1. Set the page to 8.75 x 11.25 in, or 8.5 x 11 in with bleed turned on in Canva.
2. Extend the background into the pink bleed. Keep text and logos inside the dashed safe line.
3. Leave the amber band on the left clear: the coil holes are punched there.
4. Export a PDF Print file with bleed and upload it as your cover. Or send a logo and we place it on our cover template.

Good to know

- Covers are not laminated; the clear plastic front protects them.
- Dark solid backgrounds can show the coil holes; that is normal.

Front cover

Coil binding on the left edge.
